

Did you type a word into our Kids' Safe Search Engine to test it out?

And now that *word* (which may not be something you want your kids to see) remains in the search history? Well, not to worry!

Go to <https://www.safesearchkids.com/how-to-delete-search-bar-history/> and learn how to remove any word or phrase from the dropdown history.

Brought to you by [Safe Search Kids!](https://www.safesearchkids.com/) The Kid Friendly Search Engine!
