

Protecting Your Family: Apple AirPlay & CarPlay Security Tips

Keep Devices Updated

- ☐ Ensure iPhones and iPads are running the latest iOS
- ☐ Update smart TVs and smart speakers to latest firmware
- ☐ Check for software updates on car infotainment systems
- ☐ Regularly update and reboot your home Wi-Fi router

Use Safe Connection Practices

- ☐ Avoid using AirPlay or CarPlay on public Wi-Fi
- ☐ Use a VPN when connecting away from home
- ☐ Turn off auto-connect settings for AirPlay

Manage Device Access

- ☐ Set AirPlay to “Only People Sharing This Home”
- ☐ Turn off automatic AirPlay to TVs if not needed
- ☐ Ensure CarPlay only connects to trusted vehicles

Educate the Family

- ☐ Discuss smart device safety with your children
- ☐ Review rules for connecting to unfamiliar networks
